in an era shaped by misinformation conspiracy theories and anti science movements science and technology studies science technology and society sts provides a lighthouse of insight and interdisciplinary research this volume science technology and society for a post truth age comparative dialogues on reflexivity embarks on a transformative journey through the interdependencies of science technology and society offering vital perspectives and new insights on these challenging topics this book written by scholars in the field reshapes post truth discourse through sts and positions sts as a central force in addressing the post truth crisis it presents a compelling contribution that anchors sts at the heart of contemporary debates about truth and knowledge science technology and society for a post truth age

comparative dialogues on reflexivity is a contemporary and thought provoking exploration of the evolving relationship between knowledge truth and society it makes the case that sts is a catalyst for reshaping our understanding of truth in an age characterised by scepticism and uncertainty

using the example of eichstatt this book challenges current witchcraft historiography by arguing that the gender of the witch suspect was a product of the interrogation process and that the stable communities affected by persecution did not collude in its escalation

the main concern of dr jarvie s book is the relation of belief to action he argues that people act in society because of beliefs because of the way they see things there is the world of physical and social conditioning where fixed roles tropisms adaptations seem to operate there is the world of mind where action alternatively seems to originate but then there is karl popper s third world where dwell the objects of thought ideals theories beliefs values which directly affect how people act and thus affect the way the world is reform change improvement modification all proceed from the competitive interaction between our private beliefs about the world and their third world brothers jarvie contends that the struggle of privately held beliefs to realize themselves in the world through the actions of their believers is a fundamental force behind social change

the sociology of art is now an established sub discipline of sociology but little work has been done to explore the implications not of society on art but of art on the nature and principles of sociology itself vision and society explores the ways in which art here mainly understood as visual art structures in fundamental ways the constitution of society the relations between societies and the ways in which society and culture should be theorized building initially on an unfulfilled project by the french sociologist of art nathalie heinich to derive a sociology from art this book pushes this idea in unconventional directions rethinking the relationships between the study of art and the study of sociology and anthropology this book explores how this rethinking might impact sociological theory in general and certain aspects of it in particular especially the study of social movements social change the urban the constitution of space and the ways in which human social relationships are mediated and expressed
